STATEMENT ON THE POSTPONEMENT of the 10th SAPE Meeting, Málaga (Spain)

NEW DATE!!
September-October, 2020

Dear SAPE Members and Colleagues,

Local authorities responsible for health matters (Ministry of Health of the Government of Spain, and Ministry of Health and Families of the Regional Government of Andalucía) have advised to not celebrate meetings and scientific congresses due to the **Coronavirus** epidemic. Numerous governments are also taking measures worldwide to restrict people to travel to risk areas. In light of this situation, the organizing committee and the SAPE council have agreed to delay the celebration of our meeting.

The meeting will be celebrated within the second half of September and the early days of October. We will provide the new specific date in the next few days.

We deeply regret any inconvenience which resulted from this obligated change, and really look forward to welcoming you to Málaga in the new date. We have an exciting and varied program planned that everyone will enjoy during the week.

If you have further questions, please do not hesitate to contact the organizers at info@sape2020.com

Sincerely,

Francisco J. Serrano
Chair of the SAPE 2020 Organizing Committee
